

Protecting Children on the Internet - The KidzRocket Social Network Partnership Contract

KidzRocket Parent / Child Agreement

I will not give anyone or any website on the Internet any personal information including my name, address, telephone number, password, my parents' names, the name of any club or team I'm involved in, or the name of my school without my parents' permission.

I will never tell anyone online where I will be or what I will be doing without [Mom or Dad's] my parent's permission.

I will never agree to meet anyone in person that I've met online unless my parent has agreed to the meeting. If I meet anyone I will meet them in a public place and my Mom, Dad, or legal guardian will be with me.

I will treat others online as I would have them treat me. I will never send out mean or threatening messages.

I will not respond to any messages that are mean or in any way make me feel uncomfortable. If I do get one I will tell my Mom, Dad, or Legal Guardian right away so that they can handle the situation or contact the online service.

I will not open, accept, or download anything from anyone I don't know. This includes e-mails, enclosures, links, URL's or other information.

I will never send a person my picture or a picture of anyone else without first checking with my parents.

I will not give out my Internet password to anyone other than my parents, not even my best friend.

I will talk with my parents so that we can set up rules for going online on the World Wide Web. We will decide upon the time of day that I can be online, the length of time I can be online, and where I can visit. I will not access other areas or break these rules without their permission.

Child	Date	Parent	Date
-------	------	--------	------

The above examples of good Internet behaviors for children are representative examples only and are not intended to be all inclusive. Your KidzRocket Team welcomes parent suggestions for possible inclusion in future updates. Please email us your suggestions to idea@KidzRocket.com

These are more than just suggestions or parent internet safety tips for their kids, but these are rules to be followed to ensure your kids understand the do's and don'ts of the online world.
